

**DIVISIONAL PUBLIC SCHOOL Sahiwal  
Cambridge Campus  
Demonstration Topics of Geo and SST**

**Guidelines for Demonstration Lesson**

Each candidate will be given 10 minutes for the demonstration.

Candidates may choose any topic of their own choice related to their subject.

Candidate should submit the lesson plan/activity planner based on the assigned topic before the demonstration.

Candidate should clearly share the learning objectives at the beginning of the lesson.

Candidate should demonstrate clear delivery of the concept.

Candidate should include a relevant activity/demonstration related to the topic.

Candidate should design and ask effective oral and verbal questions during the lesson.

Candidate should include a short assessment/Worksheet to check students' understanding.

Each criteria carries marks: sharing of lesson objectives, delivery of concept, design of oral and verbal questions, quality of assessment, and subject-based vocabulary

Classes	Topics	Learning Objectives
1	Means of Transport	1. Students will be able to identify different types of Transport ( Land ,air. water). 2. Students will be able to differentiate between various means of transport with examples.
2	Weather and Seasons	1. Students will be able to describe different types of weather conditions. 2- Students will be able to explain the characteristics of the four seasons.
